

Providing Architects and Builders with
Superior Paving, Decking and Pedestal Products

Commercial | Luxury Residential | Civic

IPE WOOD PAVERS

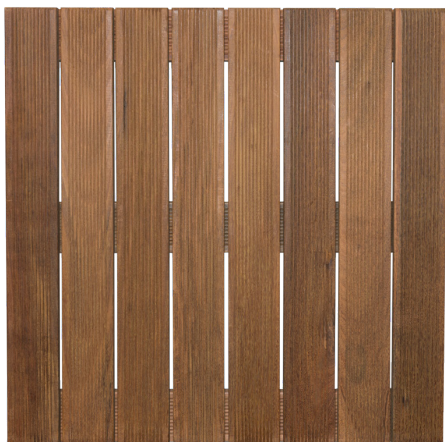

Unmatched Warmth & Character

Hardwood decking tiles provide decks, terraces, rooftops, green roofs, courtyards, and other pathways with the warmth and character of natural wood. Choose from ipe wood deck tiles or other hardwood deck tiles made of massaranduba, mahogany, or cumaru. FSC® and non-FSC products are available.

Structural Hardwood Decking Tiles

Suitable for both residential and high-traffic commercial applications, HDG Ipe Pavers offer exceptional flexibility in landscape design as they can be installed on raised pedestals.
