**BUZON PEDESTALS**

# **Architect's Quick Reference**

# Why Architects Choose Buzon

Original screwjack pedestal, trusted in projects across 50 countries

Fully adjustable heights and slope correction, compatible with all paver materials—even curvilinear designs

Cradle to Cradle® Bronze certified, compatible with Easy Rail Aluminum joist system

Exceptional design adaptability, durability, and sustainability

# Buzon Pedestal Projects Are Everywhere

**Commercial & Institutional**  
Hospitals, universities, corporate headquarters, exhibition centers, stadiums, office buildings, convention centers, shopping centers, and museums

**Public Spaces**  
Parks, plazas, promenades, train stations, airports, rooftop terraces, botanical gardens, sports arenas, and public libraries

**Residential & Specialty**  
Private residences, resorts, opera houses, breweries, restaurants, luxury apartments, penthouses, historical renovations, and boutique hotels

# Specify with Confidence

**ICC-ES ESR-3985:** Meets International, California, and Florida building codes

**Cradle to Cradle® Bronze:** Sustainable, responsible design

**ISO 9001:2015:** Consistent quality management

# Buzon Pedestal Products

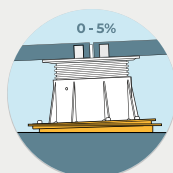

## Solving Problems

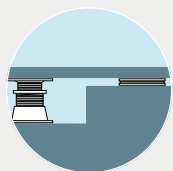

Pedestals Paver Systems can be used to solve unique problems including:

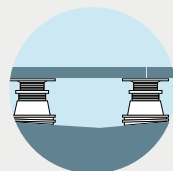

Concealing utility and other services lines

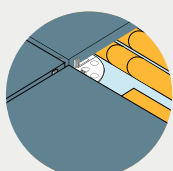

Creating sloped surfaces and ramps

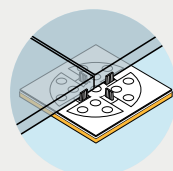

Spanning unequal heights

Adjusting for locally uneven substrates

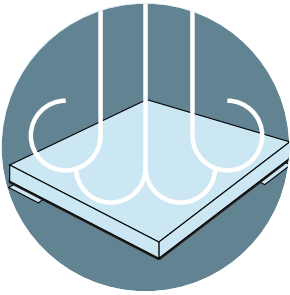

Avoiding obstacles

Solutions for limited clearance

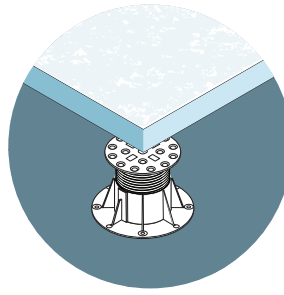

## Complementary Products & Solutions

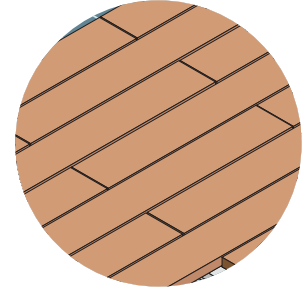

**Wind Uplift Solutions**  
Exposed terraces and  
roof decks

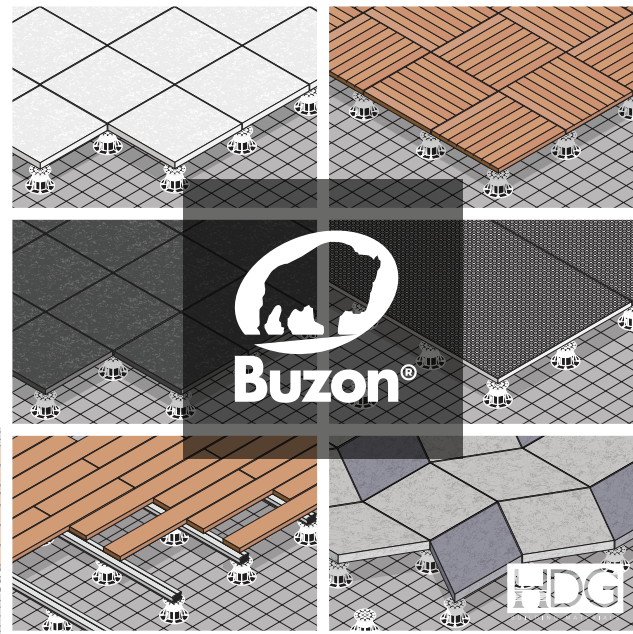

**Paver Defense™**  
Break-through  
protection for pavers

**Compatible Pavers**  
Wood, stone, concrete,  
glass, porcelain

**Decking Options**  
Board and composite  
decking

## Partner with HDG for Pedestal Deck Solutions

HDG Building Materials is a trusted expert dealer for Buzon pedestals, supplying leading architects and builders with the complete range of pedestals and accessories. Beyond pedestals, we provide nearly any decking material you might need—concrete or porcelain pavers, grating panels, wood or composite decking, or natural stone.

From rooftop terraces to plazas and outdoor living spaces, the Buzon + HDG Paver Pedestal System gives architects unlimited design freedom with stone, porcelain, wood, turf, or custom shapes.

**Contact us when you  
need to discuss your  
design challenge or  
Buzon project.**

HDG is an expert dealer for Buzon Pedestals.
